Frequently Asked Questions

What are some of the *differences* between the standard plan benefits and the legacy plan benefits?

What are some of the *similarities* between the standard plan benefits and the legacy plan benefits?

Standard Plan

- Features access to Delta Dental's wide Premier network of providers, as well as access to an additional PPO network that saves you even more money when you use a PPO dentist. Better prices mean you can receive coverage for more services before you reach your annual benefit maximum.
- Supports evidence-based coverage limitations, including those developed by the American Dental Association, such as frequency and age limitations for exams, cleanings, and periodontal maintenance.
- Pays less if you visit an out-of-network dentist.
- Has lower premiums.

Legacy Plan

- Does not have pre-determined frequency or age limitations on most services.
- Features access to Delta Dental's wide Premier network of providers that save you money when you use a network dentist.
- Pays out-of-network dentists at a higher rate.
- Has higher premiums.

- Both plans have the same annual benefit maximum: \$2,000.
- Both plans provide coverage for dental preventive, restorative, and prosthetic services.
- Both plans have the same coinsurance levels:
 - Class I (Preventive): 100%
 - Class II (Restorative): 80%
 - Class III (Prosthetic): 50%
- Both plans have the same annual deductible: \$50 per individual (Class II and III Services).
- Both plans are fully funded by member premiums.
- Vision and audio benefits are the same.

If I have dental services scheduled before the end of the plan year, will this impact my benefits?

The benefit election you make during open enrollment will become effective January 1, 2022. This means that the coverage you have today will still apply through December 31, 2021, including any claims for services provided before the end of the plan year.

Why are monthly premiums different for the two plans?

The dental plan monthly premiums are set to reflect the overall value of each plan across all enrolled members. The value of each plan varies based on differences in benefit design, network access, and how much the plan pays out-of-network providers. The rates are not impacted by how many people elect one plan or the other.

The DVA plan monthly premiums for 2022 are not changing from what they are today.

Some dental procedures fall into different service classes, depending on which plan you elect. If you would like to know how a specific service would be covered under each plan, call Delta Dental of Alaska at (855) 718-1768.

Please consult the *AlaskaCare Retiree DVA Plan: 2022 Dental Benefit Comparison* for more details about the differences between the plans. The AlaskaCare Retiree Insurance Information Booklets will contain the complete benefit provisions for both the standard and legacy dental plans.

Can I change my plan next year?

You will be able to change your dental plan during the open enrollment period. Outside of the open enrollment period, you will not be able to make changes to your selections unless you have a qualifying life event or would like to decrease your coverage. You may decrease your coverage at any time by contacting the Division.

Do I need to participate in the DVA Open Enrollment?

We encourage all eligible AlaskaCare retirees to review the plan options and participate in open enrollment. If you do not participate in Open Enrollment, your benefit selections will not change from what you have now.

I am currently enrolled in the DVA plan with coverage for myself and my dependent spouse.

Can I choose the legacy plan, and can my spouse choose the standard plan?

No, a retiree may only select one plan for themselves and any covered dependents. However, if you and your spouse each have a separate AlaskaCare DVA policy, you may select different plans and cover each other as dependents.

Can I see any dentist?

Yes, both the standard plan and the legacy plan let you see any licensed dentist you want. Both plans give you access to the wide Premier network of dental providers that will save you money. If you choose the legacy plan and see an out-of-network provider, the plan will cover a greater portion of the charges so you may pay less for out-of-network services. If you choose the standard plan, you have access to an additional PPO network of providers that offer deeper discounts, saving you more money, but you may pay more if you use out-of-network dentists.

Remember, if you use an out-of-network dentist, you may receive additional bills for charges that the plan will not cover.

Will I get a new ID card?

If you change your elections for 2022, you will receive a new ID card in the mail in late December. If you do not make any changes, you will not receive a new ID card.

Key Terms

Deductible

The amount you pay each benefit year before a portion of your costs are paid by the dental plan. The deductible for both the standard and legacy retiree dental plans is \$50 for class II and III services.

Coinsurance

The percent of covered expenses paid by AlaskaCare once you meet your deductible. Coinsurance levels vary depending on the class of service.

Annual Benefit Maximum

The total amount that the plan will pay for dental services you receive during that benefit year. The annual maximum for both the standard and legacy retiree dental plans is \$2,000.
