Independent Auditors' Report

The Division of Retirement and Benefits and
Members of the Alaska Retirement Management Board
State of Alaska Deferred Compensation Plan:

We have audited the accompanying financial statements of the State of Alaska Deferred Compensation Plan (the Plan), a component unit of the State of Alaska, as of and for the years ended June 30, 2018 and 2017, and the related notes to financial statements, which collectively comprise the Plan's financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the fiduciary net position of the State of Alaska Deferred Compensation Plan as of June 30, 2018 and 2017, and the changes in fiduciary net position for the years then ended, in accordance with U.S. generally accepted accounting principles.

Other Matters

Required Supplementary Information

U.S. generally accepted accounting principles require that the management's discussion and analysis on pages 3 through 7 be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audits of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplemental Schedules

Our audits were conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Plan's financial statements. The supplemental schedules on pages 18 and 19 are presented for purposes of additional analysis and are not a required part of the financial statements. The supplemental schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental schedules are fairly stated in all material respects in relation to the financial statements as a whole.

DEFERRED COMPENSATION PLAN
(A Component Unit of the State of Alaska)
Management's Discussion and Analysis
June 30, 2018 and 2017
(Unaudited)

This section presents management's discussion and analysis (MD&A) of the State of Alaska Deferred Compensation Plan's (the Plan) financial position and performance for the fiscal year ended June 30, 2018. This section is presented as a narrative overview and analysis. Please read the MD&A in conjunction with the financial statements and notes to financial statements to better understand the financial condition and performance of the Plan during the fiscal years ended June 30, 2018 and 2017. Information for fiscal year 2016 is presented for comparative purposes.

Financial Highlights

The Plan's financial highlights as of June 30, 2018 were as follows:

- The Plan's fiduciary net position increased by \$61.0 million during fiscal year 2018.
- The Plan's participant contributions and transfers of \$42.3 million decreased by \$966 thousand during fiscal year 2018 when compared to fiscal year 2017.
- The Plan's net investment income decreased by \$9.8 million when compared to fiscal year 2017 to \$77.0 million during fiscal year 2018.
- Benefits paid to participants and purchases of annuity contracts decreased by \$2.6 million in fiscal year 2018 when compared to fiscal year 2017.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Plan's financial statements. The Plan's financial statements are composed of three components: (1) statements of fiduciary net position, (2) statements of changes in fiduciary net position, and (3) notes to financial statements.

Statements of fiduciary net position – This statement presents information regarding the Plan's assets, liabilities, and resulting net position. This statement reflects the Plan's investments at fair value and receivables less liabilities at June 30, 2018 and 2017.

Statements of changes in fiduciary net position – This statement presents how the Plan's net position changed during the years ended June 30, 2018 and 2017. This statement presents contributions by participants along with net investment income during the period from individual participant-directed investing activities. Deductions for benefits paid, purchases of annuity contracts, and administrative expenses are also presented.

The above statements represent resources available for investment and payment of benefits and expenses as of June 30, 2018 and 2017 and the sources and uses of those funds during the years ended June 30, 2018 and 2017.

Notes to financial statements – The notes to financial statements are an integral part of the financial statements and provide additional detailed information and schedules that are essential to a full understanding of the Plan's financial statements.

Financial Analysis of the Plan

The statement of fiduciary net position as of June 30, 2018 shows net position of \$945,399,000. The entire amount is available to pay benefits to participants and their beneficiaries as well as administrative costs.

This amount represents an increase in plan net position of \$61,036,000 or 6.9% from fiscal year 2017 to fiscal year 2018 and an increase of \$69,426,000 or 8.5% from fiscal year 2016 to fiscal year 2017.

Contributions and Investment Income

Additions to the Plan are accumulated through a combination of plan participant contributions and investment income as follows (in thousands):

	2018	2017	Additions		2016
			Increase (decrease) Amount	Percentage	
Participant contributions	\$ 41,462	43,065	(1,603)	(3.7)%	\$ 43,879
Transfers in	821	184	637	346.2	31
Net investment income	76,973	86,771	(9,798)	(11.3)	5,405
Other	10	1	9	900.0	—
Total	<u>\$ 119,266</u>	<u>130,021</u>	<u>(10,755)</u>	<u>(8.3)%</u>	<u>\$ 49,315</u>

The Plan's participant contributions decreased from \$43,065,000 in fiscal year 2017 to \$41,462,000 in fiscal year 2018, a decrease of \$1,603,000 or 3.7%. The Plan's participant contributions decreased from \$43,879,000 in fiscal 2016 to \$43,065,000 in fiscal year 2017, a decrease of \$814,000 or 1.9%. Fiscal year 2018 saw no significant difference in participants but a decrease in the average active plan participant contributions. The plan is an optional participation plan with a minimum contribution of \$50 dollars per month.

The Plan's net investment income decreased from \$86,771,000 in fiscal year 2017 to \$76,973,000 in fiscal year 2018, a decrease of \$9,798,000 or 11.3%. The decrease relates to the decrease in investment performance in fiscal year 2018. Net investment income increased in fiscal year 2017 by \$81,366,000 or 1,505.4% when compared to amounts recorded fiscal year 2016. This increase relates to significant improvements in rates of returns in fiscal year 2017 compared to similar investments in fiscal year 2016.

Benefits and Other Deductions

The primary deductions to the Plan are the payment of benefits and purchases of annuity contracts. Benefit payments and administrative expenses were as follows (in thousands):

	2018	2017	Deductions		2016
			Amount	Increase (decrease) Percentage	
Benefits paid to participants and purchases of annuity contracts	\$ 57,048	59,626	(2,578)	(4.3)%	\$ 49,121

Total	<u>\$ 58,230</u>	<u>60,595</u>	<u>(2,365)</u>	<u>(3.9)%</u>	<u>\$ 50,157</u>

The Plan's benefits paid to participants and purchases of annuity contracts in fiscal year 2018 decreased by \$2,578,000 or by 4.3% from fiscal year 2017 based on retiree preference. The Plan's benefits paid to participants and purchases of annuity contracts in fiscal year 2017 increased by \$10,505,000 or 21.4% from fiscal year 2016 based on retiree preference.

The Plan had administrative expenses of \$1,182,000 in fiscal year 2018 compared to \$969,000 in fiscal year 2017, an increase of \$213,000 or 22.0%. The Plan had administrative expenses of \$969,000 in fiscal year 2017 compared to \$1,036,000 in fiscal year 2016, a decrease of \$67,000 or 6.5%. The Plan's fiscal year 2018 managed account costs were increased by 65% due to a higher participation rate, while personal service costs were increased by 34% due to the annual review of the division's cost allocation plan.

Fiduciary Responsibilities

The Alaska Retirement Management Board and the Commissioner of Administration are cofiduciaries of the Plan.

The Plan's assets can only be used for the exclusive benefit of the Plan's participants, beneficiaries, and alternate payees.

Notes to Financial Statements

June 30, 2018 and 2017

(1) Description

The following description of the State of Alaska Deferred Compensation Plan (the Plan), a defined contribution plan, is provided for general information purposes only. Participants should refer to the plan document for more complete information.

(a) General

The Plan was created by State of Alaska (the State) statutes issued May 31, 1974, and was most recently amended effective January 1, 2011. It is a deferred compensation plan under Section 457 of the Internal Revenue Code and is available to all permanent and long-term nonpermanent employees and elected officials of the State and members of State boards and commissions. Participants in the Plan authorize the State to reduce their current salary or compensation so that they can receive the amount deferred at a later date. The deferred compensation is not available to participants until termination, retirement, death, or an unforeseeable emergency, within the definition allowed by the applicable Internal Revenue Code. All amounts deferred are held in a trust for the exclusive benefit of employees and beneficiaries. There were 11,230 participants in the Plan as of June 30, 2018.

At June 30, 2018 and 2017, the number of participating local government employers and public organizations, including the State was as follows:

	2018	2017
State of Alaska and Component Units	1	1
Municipalities	1	—
School districts	—	—
Other	1	—
Total employers	3	1

The Division of Retirement and Benefits is responsible for plan administration and record keeping. The Alaska Retirement Management Board (the Board) is responsible for the specific investment of moneys in the Plan.

(b) Contributions

During the fiscal year ended June 30, 2018, plan participants are required to contribute a minimum of \$50 per month (\$600 per year). At June 30, 2018, the maximum amount that could be deferred in a calendar year was \$18,500 for participants under age 50 and \$24,500 for participants who are age 50 and greater. However, for each of the participant's last three calendar years ending prior to normal retirement age, a "catch-up limitation" may apply, which allows larger contributions (up to \$37,000 in calendar year 2018). Participants vest automatically in all their contributions and earnings on those contributions.

(c) Participant Accounts

Participant accounts are self-directed with respect to investment options. Each participant designates how their contributions are to be allocated among the investment options. Each participant's account is credited with the participant's contributions and the appreciation or depreciation in unit value for the investment funds.

A record keeping/administrative fee is deducted monthly from each participant's account and applied pro rata to all the funds in which the member participates. This fee is for all costs incurred by the recordkeeper and by the State. Most of the investment management and custody fees are netted out of the funds' performance.

At June 30, 2018 and June 30, 2017 participants had the following investment options:

(i) Collective Investment Funds

Allianz/RCM Socially Responsible Investment Fund – This fund is actively managed and only invests in companies contained within the MSCI USA environmental, social, and governance (ESG) Index (LMSI). The LMSI holds approximately 600 companies with the highest ESG rankings in each sector of the 1,000 largest U.S. stocks.

Government/Credit Bond Index Fund – This fund invests in a highly diversified portfolio of high-quality U.S. fixed income securities. The fund buys and holds portfolios of the securities included in the Bloomberg Barclays Capital Government/Credit Bond Index. The fund seeks to closely match the Index's total rate of return.

Intermediate Bond Fund – This fund buys and holds representative securities included in the Bloomberg Barclays U.S. Intermediate Bond Index. The fund seeks to closely match the Index's total rate of return.

International Equity Fund – This fund is invested primarily in the equity securities of non-U.S. issuers. The fund is a multimanager fund comprising of two investment managers of differing investment strategies, style, and long-term market correlation.

Long U.S. Treasury Bond Index Fund – This fund invests in one or more commingled funds managed by State Street Global Advisors (SSgA), which, in combination, are designed to replicate the return of the Bloomberg Barclays U.S. Long Treasury Bond Index while providing for daily liquidity for plan participants. The fund seeks to match the return of Bloomberg Barclays U.S. Long Treasury Bond Index by investing in a well-diversified portfolio of Treasury securities with maturities longer than 10 years.

MassMutual Bond Fund – This fund invests in investment-grade corporate and government bonds and other debt securities. This investment option is only available to participants whose contributions were originally invested with the MassMutual Life Insurance Company and have since remained with MassMutual.

STATE OF ALASKA

Notes to Financial Statements

June 30, 2018 and 2017

MassMutual Equity Fund – This fund invests in diversified common stocks of high-quality growth companies for long-term capital growth with income a secondary consideration. This investment option is only available to participants whose contributions were originally invested with the MassMutual Life Insurance Company and have since remained with MassMutual Life Insurance Company.

Russell 3000 Index Fund – This fund invests in one or more commingled funds managed by SSgA, which, in combination, are designed to replicate the returns and characteristics of the Russell 3000 Index. The fund measures the performance of the largest 3,000 U.S. companies representing approximately 98.0% of the investable U.S. equity market.

Standard & Poor's 500 Stock Index Fund – This fund offers diversified investment in the U.S. equity market and replicates the returns and characteristics of the Standard & Poor's (S&P) 500 Composite Stock Price Index. The S&P 500 Index is the world's most widely followed stock index representing about 81% of the entire U.S. equity market.

SSgA Global Balanced Fund – This fund has a target asset allocation of 60% equities and 40% fixed income and is invested in a mix of passively managed index commingled funds, which, in combination, are designed to replicate the returns and characteristics of the fund benchmark.

State Street Institutional Treasury Money Market Fund – This money market fund seeks to achieve its investment objective by investing substantially all of its investable assets in the State Street Money Market Portfolio of State Street Master Funds, which has the same investment objective as, and investment policies that are substantially similar to, those of the fund. The fund attempts to achieve its investment objective by investing exclusively in direct obligations of the U.S. Treasury, such as U.S. Treasury bills, notes, and bonds. The fund may also invest in other mutual funds, subject to regulatory limitations that invest exclusively in such obligations.

U.S. Real Estate Investment Trust Index Fund – This fund seeks to replicate the returns and characteristics of the Dow Jones U.S. Select REIT Index by purchasing each security in the same capitalization weight as it appears in the Index.

U.S. Small-Cap Trust – This fund invests primarily in common stocks of small companies that appear undervalued or offer the potential for superior earnings growth. The trust's benchmark is the Russell 2000 Index, a broad representation of the small-cap U.S. equity market.

U.S. Treasury Inflation Protected Securities (TIPS) Index Fund – This fund invests in the Barclays Capital U.S. TIPS Index and is intended to replicate the return of the index while providing for daily liquidity for the plan participants. The fund seeks to match the returns of the index by investing in a portfolio of U.S. Treasury inflation protected securities.

World Equity Ex-U.S. Index Fund – This fund invests in one or more commingled funds managed by SSgA, which, in combination, are designed to replicate the returns and characteristics of the MSCI ACWI Ex-U.S. Index and provide a broad-based, low-cost exposure to both the developed and emerging markets. The index consists of approximately 2,000 securities across 47 markets.

Notes to Financial Statements

June 30, 2018 and 2017

World Government Bond Ex-U.S. Index Fund – This fund seeks an investment return that approximates as closely as practicable, before expenses, the performance of the Citigroup World Government Ex-U.S. Index over the long term. The fund is managed using a passive or indexing investment approach, by which SSgA attempts to replicate, before expenses, the performance of the index.

(ii) *Interest Income Fund*

The fund seeks to preserve principal with a competitive rate of interest consistent with the preservation of capital through investing in a diversified portfolio of primarily synthetic investment contracts (SICs), issued by banks and insurance companies directly with the Plan, that meet specified credit standards. Supporting securities for SICs typically include U.S. Treasury/agency obligations, mortgage- and asset-backed securities, as well as investment-grade corporate bonds.

(iii) *Pooled Investment Funds*

The Board contracts with an external investment manager who is given authority to invest in a wholly owned pooled environment to accommodate 13 participant-directed funds.

Alaska Balanced Trust – The purpose of this fund is to provide exposure to a diversified mix of stocks, bonds, and money market securities for investors with a higher tolerance for risk and a medium investment horizon. The trust invests in up to four underlying common trust funds, each one emphasizing a different market sector: U.S. stocks, non-U.S. stocks, U.S. investment-grade bonds, and money market securities.

Alaska Long-Term Balanced Trust – The purpose of this fund is to provide exposure to a diversified mix of stocks, bonds, and money market securities for investors with a higher tolerance for risk and a medium to long investment horizon. The trust invests in up to four underlying common trust funds, each one emphasizing a different market sector: U.S. stocks, non-U.S. stocks, U.S. investment-grade bonds, and money market securities.

Alaska Target Date Retirement 2010–2060 Trusts – The purpose of these funds is to provide a diverse mix of stocks, bonds, and money market securities for long-term investors with a higher tolerance for risk. The trusts are designed to gradually invest more conservatively as the target retirement date approaches. The trusts invest in four underlying common trust funds, each one emphasizing a different market sector: U.S. stocks, non-U.S. stocks, U.S. investment-grade bonds, and money market securities. Over time, the allocations become more conservative, systematically decreasing exposure to stocks and increasing exposure to bonds and money market securities on a quarterly basis. At the target date, the trusts maintain a substantial exposure to stocks (approximately 55%). The most conservative allocation to stocks (approximately 20%) occurs 30 years after the target date is reached.

Notes to Financial Statements

June 30, 2018 and 2017

(d) Payment of Benefits

Participants are eligible to withdraw their account balance upon termination. Benefits are payable in the form of a lump sum, one of various annuities, or a periodic payment option, unless the participant elects to defer commencement of benefits. Account balances of \$1,000 or less are automatically paid in the form of a lump-sum distribution. The deferred benefit commencement date can be no later than April 1 of the year after the participant would have turned age 70½. Payment of benefits to a participant commences 60 days after termination or the deferred benefit commencement date, as applicable.

Participants may request a hardship withdrawal for an unforeseeable emergency, within the definition allowed by the Internal Revenue Code. Hardship withdrawals are disbursed as lump sums and must be approved by the plan administrator.

(e) Income Taxes

The Plan is exempt from federal income taxes under the provisions of Section 501(a) of the Internal Revenue Code.

(f) Termination, Partial Termination, or Complete Discontinuance of Contributions

Although the State has established the Plan with the bona fide intention and expectation that it will continue the Plan indefinitely, the State may, in its sole and absolute discretion, terminate the Plan in whole or in part at any time without liability whatsoever for such termination. If the Plan is terminated, the participants in the Plan will be deemed to have withdrawn from the Plan as of the date of such termination. Deferred compensation shall thereupon cease. Upon plan termination, each participant or beneficiary shall be given the opportunity to elect a benefit commencement date and form of payment.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The Plan utilizes the economic resources measurement focus and the accrual method of accounting. In preparing the financial statements, the plan administrator is required to make estimates that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities as of the date of the financial statements, and additions and deductions for the reporting periods. Actual results could differ from those estimates.

(b) Valuation of Collective Investment Funds

The Plan's investments in collective investment funds held in trust are stated at fair value based on the net asset value as reported by the trustees multiplied by the number of units held by the Plan. The net asset value is determined by the trustees based on the fair value of the underlying assets. Purchases and sales of securities are recorded on a trade-date basis.

(c) Valuation of Synthetic Investment Contracts

The Plan's investments in fully benefit-responsive SICs are stated at contract value.

(d) Valuation of Ownership of Pooled Investment Funds

The Plan's ownership of pooled investment funds held in trust are stated at fair value based on the unit values as reported by the trustees multiplied by the number of units held by the Plan. The unit value is determined by the trustees based on the fair value of the underlying assets. Purchases and sales of securities are recorded on a trade-date basis.

(e) Cash and Cash Equivalents

Cash and cash equivalents at June 30, 2018 are composed of interest-bearing deposits. The money market fund consists of nonparticipant-directed funds used to pay administrative costs of the Plan.

(f) Contributions Receivable

Contributions applicable to payrolls received through the end of July for wages paid for services through June 30 are accrued. These contributions are considered fully collectible, and accordingly, no allowance for doubtful accounts is considered necessary.

(g) Due to State of Alaska General Fund

Amounts due to State of Alaska General Fund represent the amounts paid by the General Fund on behalf of the Plan but not yet reimbursed by the Plan.

(3) Investments

The Plan is participant directed, which means that the Plan's participants decide in which options to invest. Of total plan net position of \$945,399,000 at June 30, 2018, 99.6% or \$941,277,000 are specifically allocated to individual participant accounts.

Each participant designates how their contribution is to be allocated among the investment options. Each participant's account is credited with the participant's contributions, adjusted for the appreciation or depreciation in unit value for the investment funds, and reduced for administrative fees.

For additional information on synthetic investment contracts, interest rate risk, credit risk, foreign exchange, derivatives, fair value, and counterparty credit risk, see the separately issued report on the Invested Assets of the State of Alaska Retirement and Benefits Plans at <http://treasury.dor.alaska.gov/armb/Reports-and-Policies/Annual-Audited-Financial-Schedules.aspx>.

(4) Risk and Uncertainty

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of fiduciary net assets.

The Plan may invest in pooled separate accounts that include securities with contractual cash flows, which may include asset-backed securities, collateralized mortgage obligations, and commercial mortgage-backed securities. The value, liquidity, and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.
