Mr. Martin H. Behr
Administrative Director
State of Alaska
Pouch C
Juneau, Alaska 99801

Dear Marty:

Attached you will find the revised copy of Page 5 from the actuarial report of the Public Employees' Retirement System as of December 31, 1971.

This page differs from that page included in the valuation report as follows:

- (1) The City and Borough of Sitka have been combined and a single rate generated for the combined group.
- (2) Greater Anchorage Borough School District has been separated from the remainder of the Greater Anchorage Borough for rating purposes.
- (3) The rate for the City of Soldotna has been adjusted to reflect the fact that all participating employees are Police and Fire employees.
- (4) The fifth column has been changed as per our discussion several weeks ago to reflect funding ratios with respect to each of the political subdivisions.

As you know, I have discussed the question of the contribution rate for the City of Sitka with the people from the City. I indicated to them that contributions of 8½% for the 1972-73 fiscal year, 12% for the 1973-74 fiscal year, and 15.64% for the 1974-75 fiscal year would satisfactorily fund the program with respect to their participation in combination with the Borough. In future years, these graded rates will be adjusted to the extent that the ultimate rate is adjusted by new actuarial valuations.

MARSH & McLENNAN, INC.
OF WASHINGTON

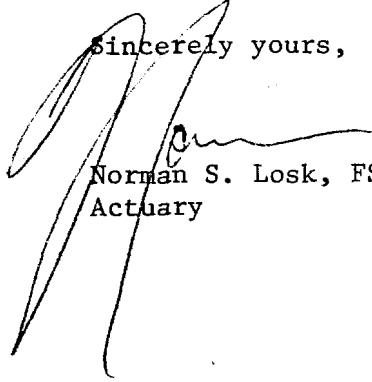

Mr. Martin H. Behr
